

IoT Based Safety Gadget for Child Safety Monitoring and Notification

Team ID: PNT2022TMID04693

Create IBM Watson IoT Platform And Device

The screenshot displays the IBM Watson IoT Platform interface. The browser address bar shows the URL: `iogvn6.internetofthings.ibmcloud.com/dashboard/devices/drilldown/ramya:2314?returnTo=/devices/browse`. The page title is "Device Drilldown - 2314". A left sidebar contains navigation options: "Device Credentials" (selected), "Connection Information", "Recent Events", "State", "Device Information", "Metadata", "Diagnostics", "Connection Logs", and "Device Actions". The main content area shows a message: "You registered your device to the organization. Add these credentials to the device to connect it to the platform. After the device is connected, you can navigate to view connection and event details." Below this is a table with the following data:

Organization ID	iogvn6
Device Type	ramya
Device ID	2314
Authentication Method	use-token-auth
Authentication Token	14112000

Below the table, a warning icon and text state: "Authentication tokens are non-recoverable. If you misplace this token, you will need to re-register the device to generate a new authentication token." At the bottom, a link says: "Find out how to add these credentials to your device". The Windows taskbar at the bottom shows the date and time as 09:26 AM on 15-11-2022.

The screenshot displays the IBM Watson IoT Platform interface. The top navigation bar shows the user is logged in as 'ramyam.19ece@kongu.edu' with ID 'iogvn6'. The main content area is titled 'IBM Watson IoT Platform' and features a 'Browse' tab. A search bar allows filtering by device ID. A table lists devices, with the first device '2314' highlighted. The device details are expanded, showing the following information:

Identity	Device Information	Recent Events	State	Logs
Device ID	2314			
Device Type	ramya			
Date Added	Nov 15, 2022 9:26 AM			
Added By	ramyam.19ece@kongu.edu			
Connection Status	Disconnected			

The bottom of the interface shows pagination information: 'Items per page 50' and '1 of 1 page'.
